

Mission Swayam Siddha

Empowering Women through Self reliance

Needles, Scissors and Brushes: Women's Empowerment at
Mission Swayam Siddha

LOOKBOOK 2026

This Product Lookbook of Mission Swayam Siddha depicts, through snapshots of the products crafted by them, the story of women who have embarked on a transformative journey to become Swayam Siddhas (self-reliant) by joining Powai Bengali Welfare Association's mission of empowerment.

The women started with almost no skill set or exposure to the world outside the four walls of their homes, to undertake vocational training and acquire soft skills and prepare themselves to take on the world.

This Lookbook presents a pictorial narrative of needles, scissors and brushes at work, in the hands of the talented trainees at Mission Swayam Siddha, to magically produce beautifully handcrafted products under the MSS label through which they can make a difference to themselves, to their families and to society at large!

Selected MSS Handicrafts
